**INTERNATIONAL ASSOCIATION OF SCHOOLS OF SOCIAL WORK
GLOBAL DIRECTORY OF SCHOOLS OF SOCIAL WORK
CENSUS
2020**

Compiled by Professor John Victor Rautenbach
Board Member: International Association of Schools of Social Work (IASSW)
Chair: Standing Committee on the World Census of Social Work Programs
Head of Department: University of Zululand, South Africa

INTRODUCTION

Every ten years, the International Association of Schools of Social Work (IASSW) conducts a world census of social work education programs offering at least one degree program in social work.

The major outcome of the census is this directory of contact details for all the known social work education programs in the world.

In the year 2000, the directory contained details of 1384 programs from 114 countries.

By 2010 it grew to include 2110 social work degree sites in 125 countries.

By the end of 2020 the directory recorded details for 3572 social work training institutions from 159 countries in the world.

A digital voluntary census was conducted using an online survey that yielded 2230 unique submissions. In addition, many participants submitted lists of details for training institutions in their areas. These were in multiple formats. The lists were then synthesised and added to the directory.

The final list was subjected to regional verification and data cleaning. It is presented in this document in an address book format below.

Please encourage your social work training institution to become an IASSW member:

* Veuillez encourager votre institution de formation en service social de devenir membre de l'AIESS :

ACKNOWLEDGMENTS

The collection of the census data has been a truly global partnership with many of the friends of IASSW from around the world.

We wish to thank all involved for circulating the census link on email list-serves and websites. In this way the IASSW profile was distributed to many new social work academics around the globe.

Special thanks to the following for their specific contributions:

- Former census committee members:
 - Angelina Barretta-Herman
 - Bala Raju Nikku
 - Brian Littlechild
 - Dixon Sookraj
 - Gidraph Wairire
 - Junko Wake
 - Linda Kreitzer
 - Teresa Bertotti
 - Tetyana Semigina
 - Vasilios Ioakimidis

- Annamaria Campanini
- Barbara shank
- Tan Ngoh Tiong
- Rashmi Pandey - Executive Officer
- Vimla Nadkarni
- Caroline Fitzgerald
- The regional presidents of IASSW
- The leadership of national associations of schools of social work
- The International Council on Social Welfare (ICSW)
- The International Federation of Social Workers (IFSW)

There are too many individual names to list.
I thank you all.

DISCLAIMER

Changing contact details.

All data was correct at the time of collection, but may change as institutions transformation or their websites are updated.

Please send any updates, additions or corrections to the IASSW Executive Officer or to the census email address: census@iassw-aiets.org

Omissions.

It is hereby acknowledged that not all social work training institutions in the world have been captured in the directory.

There may also be errors, unintentional replication and omissions.

For example, the directory only lists the verified data for 290 schools of social work in India. This is after an additional 89 names were deleted after an intensive verification process. The 2015 book on "Social work education in India" by Professor Sanjai Bhatt and Professor Digvijoy Phukan "contains details of 526 social work educational institutions in India". This means that there are potentially 236 schools in India alone that are not included.

Some parts of the world are clearly under represented. For example, the World Higher Education Database lists 578 institutions of higher learning in Russia, but the census only records 4 as having social work instruction. This is probably incorrect.

Protection of private information.

It is hereby acknowledged that there are international variances related to the protection of private information.

All information in the directory is already in the public domain or is used with permission.

The web survey also included an opt-out consent statement:

"By submitting you agree that your contribution may be considered for inclusion".

Invitation to participate: IASSW - World Census of Social Work Education Programs - 2020 Directory

Dear social worker / social work educator.

You are hereby invited to participate in this very brief, but very important survey by clicking on the link below:

<https://www.surveymonkey.com/r/IASSW-Census>

Please share this link with your networks:

<https://www.iassw-aiets.org/featured/2903-iassw-world-census-of-social-work-education-programs-2020-directory/>

The average completion time is 9 minutes.

Context:

Every ten years, the International Association of Schools of Social Work (IASSW) conducts a world census of social work education programs offering at least one degree program in social work.

The major outcome of the census is a directory of contact details for all social work education programs in the world.

In the year 2000, the directory contained details of 1384 programs from 114 countries and in 2010 it grew to include 2110 social work degree sites in 125 countries.

By 2020 we are aiming to include every social work training institution in the galaxy.

We need your help so that we can include as many social work training institutions in the world as possible.

Please share this email with your networks.

*** Please encourage your social work training institution to become an IASSW member:**

* Veuillez encourager votre institution de formation en service social de devenir membre de l'AISS :

* ご所属のソーシャルワーク教育機関にIASSWへの加盟を促していただきますようお願いいたします :

* Anime a su institución/universidad a hacerse miembro de AIETS:

Follow up call

Greetings from the International Association of Schools of Social Work (IASSW). I am Prof John Victor Rautenbach the Chair of the Standing Committee on the World Census of Social Work Programs. - <https://www.surveymonkey.com/r/IASSW-Census>
From the invitation below you will see that we are conducting global research on all the schools of social work in the world.

Please will you consider volunteering by completing the census data for each university in your area?

The most important data that we need for the directory is:

- **Name of University**
- **Website address**
- **City**
- **Province / State**
- **Country**

<https://www.surveymonkey.com/r/IASSW-Census>

Please fill it in multiple times for all the schools in your country or region.

You can leave other questions blank if you don't have the details.

Do you have an administrator or intern or student that can help?

PLEASE let me know what part of the world you will take responsibility for?

Sincerely,

Prof John Victor Rautenbach

Board Member: International Association of Schools of Social Work (IASSW)
